

Powdered One Clean

Powdered 'Woolsafe' high performance detergent. Super concentrated for high performance results on all carpet types. Use in portable or truck mounted extraction machines.

Protects your customers warranties

You know what a headache it is protecting your customers' manufacturers' warranties. Well, now your headaches are over. Powdered One Clean has been approved by the leading fibre manufacturers to protect their warranties when used as directed.

Easy to use

For a truck mount, mix 680gm per 20L of water, for portable, you only need to mix 2 oz (2 scoops / 56gm) per 20L of water.

What Does It Do?

Ends confusion

If you're thoroughly mixed up over what type of detergent to use on which fibres, worry no more. Powdered One Clean is the answer. Powdered One Clean was developed to clean all fibres by all manufacturers.

Industry approved

The giants of the carpet fibre industry approve the use of Powdered One Clean on their carpet fibres. Never again will you have to check and see who made the carpet fibre before cleaning in order to find out if the detergent you have is right. Powdered One Clean effectively and safely cleans them all.

ALWAYS pre test areas to be treated
