

# One Earth Carpet Cleaner and Rinse

A detergent free cleaning way of pre-spraying and extraction cleaning carpets and upholstery. Safe for chemically sensitive individuals, the elderly and frail.

## General usage

Add 180ml of product to 4 litres of warm or hot water (20:1). Spray onto carpet or upholstery following your pre-test on each colour of the fabric to be cleaned and pre-vacuuming then brush in using a Pile Brush on carpet and allow to break down the soil for approximately 5 to 10 minutes (do not allow to dry out).

Extract rinse out using clean warm water.

## Re-set the pile

It is good industry practice to use your a Pile Brush to reset the pile of the fabric after cleaning the direction of the pile is best agreed with your customer in each particular case.

## Air movement

An air-mover, Velo, Sahara E or a Dri-Pod will speed up the drying process following all types of extraction cleaning.

## Protect furniture

Use the Furniture Tabs and blocks to protect the fabric from rust or furniture stain marks.

## What Does It Do?

### Perfume Free

One Earth Carpet Cleaner and Rinse is perfume free to avoid any chemical sensitivities and mixing with other perfumes which may be present in the environment.
