

# Degrease-All

High performing solvent cuts through and cleans the heaviest grease and oil residues. Versatile, highly effective, and suitable for general use, Degrease-All has no harsh fumes.

## Tough yet gentle

Tough enough to remove heavy smoke and grease residues on painted surfaces, metal, concrete, tile, sealed or unsealed wood, hard floors and wet cleanable fabrics.

Powers through greasy soils on carpets and upholstery.

Gentle enough to use as a traffic lane cleaner or upholstery pre-spray.

Use on painted surfaces, metal, concrete, tiles, sealed or unsealed wood, hard floors and wet cleanable fabrics. Specially formulated for the severest of greasy soils. Suitable for greasy fire residues, severe greasy stains and neutralising strong acidic soils.

### Degrease-All Characteristics

pH @ use: 11

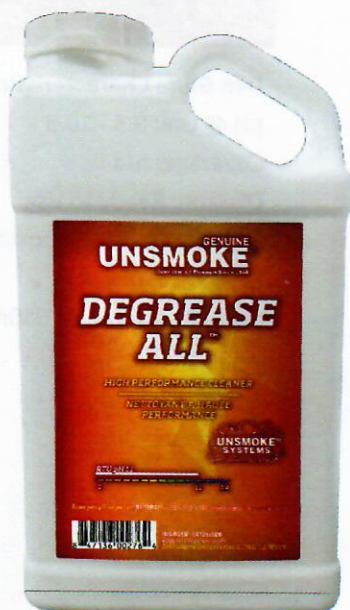

Coverage: Variable depends on environment

Dilution: Variable depends on environment

Appearance: Green/Blue Liquid

Fragrance: Characteristic

Packaging: Case 4 x 5 Ltr

## What Does It Do?

### Degreasing after fires

Can be used neat in extreme situations.

1. Dilute between 10 to 1 (90ml to 1L) and 50 to 1 (20ml to 1L), hot water works best
2. Spray on and allow to dwell or wipe evenly from the bottom to the top of a vertical surface.
3. Rinse with water if required.

### General cleaner / degreaser

1. Dilute 20 to 1 (50ml to 1L of warm or hot water).
2. Wash item using a clean cloth or immerse in solution.
3. Rinse with clean water and dry

### As a cleaning booster

1. Add 25ml to each ready to use litre of detergent solution
2. Use detergent as usual.
3. Rinse from surface

### As a spotter or acidic neutraliser

1. Use up to 50 to 1 (20ml to 1L) depending on the conditions.
2. Pre-test areas carefully.
3. Blot on using a cloth and check for transfer.
4. Repeat as required.

**ALWAYS pre test areas to be treated**
