

# Rust Remover

Specifically formulated to remove the toughest rust stains from a variety of carpets and fabrics.

## General usage

1. Do not dilute - product is ready to use.
2. Test for colourfastness before using.
3. Apply product to a cotton swab or other clean applicator, taking care not to let product come into contact with skin.
4. Blot area, do not rub.
5. When stain disappears rinse area thoroughly with a mild detergent solution.
6. Blot area with a clean, white absorbent cloth.
7. Rinse and repeat.
8. Discard used cloths in a safe, enclosed waste receptacle.

## What Does It Do?

### Quick action

Specifically designed to remove unsightly rust stains from carpet and upholstery that may contain sensitive dyes. The quick action attacks unsightly rust stains and allows the original colour to appear.

### Deals with blood

Effectively removes the iron related brown stain left after blood stain removal.

### Acoustic tiles

Rust Remover is formulated to deal with the rust stains which mar the appearance of costly acoustic tiling without affecting the sound deadening properties of the tile.

ALWAYS pre test areas to be treated
